## GREENHOUSES

ROUTE I, BOX 184
WAUKESHA, WISCONSIN

TO OUR CUSTOMERS:

For 33 years we have endeavored to offer our chstamers the most beautiful, the hardiest and the newest plants grown in America at prices generally lower than competition. We have been able to this because Pauer's Greenhouses is a family business.

The plants we offer in this catalog, are grown by us under quality controlled conditions and with a great deal of family pride. Many of these offerings are our own creation. One reason for the superiority of Pauer's flowers is that they are watered only with famous Wankesha mineral water.

We stand behind each and every plant we sell and guarantee satisfaction. Our customers are our greatest boosters.

For the finest garden, both indoors and outdoors, you've ever had.

Sincerely yours,

EDWARD E. PAUERS, President

## geraniums

VIV GERANIUM

SANDRA IRENE

## ZONAL GERANIUM

Zonal Geraniums are doubles and semi-double flowering. Are generally grown for pot plants and bedding. Our lists are of true and tested varieties that will grow well under the most adverse conditions.

## VIV GERANIUM

Gorgeous new color . . different than any other "red" geranium you've ever seen! A combination of brilliant crimson delicately blended with tinges of blue on beautifully big, fully double flowers. It's the newest of the new geraniums . . . our own introduction first time ever offered! Grows compactly on strong stems. Blooms profusely. No. GŻO1. Each. .. 75c. Order it for your garden now! 3 for $\$ 2.00$.

## DAHLIA

## CACTI \& SUCCULENT

Cacti are fun and easy to grow. They are intensely interesting having many odd and curious shapes. Most of them have beautiful blooms at one time or another. They do well potted in a sunny window, are good in the garden in summer; particularly a rock garden. An assortment of interesting plants, all different for your Dish Garden or sunny window.

## SPECIAL CACTI OFFERING:

No. CCX01. 6 of the better varieties, each different, 6 for $\$ 2.25$.

Of all house plants, the fiberous

CENEVA rooted Begonia of which there are more than a thousand varieties, including their hybrids, is a universal favorite that's alloted space in almost every window garden. Only partial sun is needed. Soil should be rather dry with good drainage. Foliage should be pinched back for stocky growth. Begonias bloom most of the year including the wintertime.

## WHITE CALLA QUEEN BECONIA

 One of the most unusual house plants known, the striking appearance of this beautiful plant is a delight to both amateurs and professionals. Super abundant foliage has glistening, waxen leaves .. is variegated with delicate shadings of white, green, pinks and reds. Many leaves are pure white, edged with red and pinks formed like miniature white calla lillies. This luxuriant foliage is crowned by constantly blooming, brilliant red flowers which appear in bold contrast to the delicate green and white foliage. Carefully cultured and potgrown. No. FB01. Each \$1.75, 3 for \$5.00.CENEVADouble Semperflorens. Ball shaped double flowers that bloom freely. Shiny green foliage.White, Red, Pink, Snow Blush. No. FB02. Each 75c.
